### LifeSphere® Reporter

Real-time digital engagement with Medical Affairs. Anywhere. Anytime.

### LifeSphere Reporter

LifeSphere Reporter is a digital portal that enables Medical Affairs, Pharmacovigilance and Quality teams to connect with stakeholders via a simple mobile- and web-enabled application. With LifeSphere Reporter HCPs and field teams can easily submit inquires, report adverse events, record product complaints and track existing requests, giving Medical Affairs powerful engagement capabilities at the point of need.

- Empowers field reps, MSLs and HCPs by giving them a simple, self-service tool for medical information, complaints and drug safety
- Ensures that field teams and approved users always have secure access to the most up-to-date approved content and knowledge
- Easily integrates with LifeSphere Medical Information and LifeSphere MultiVigilance, as well as leading third-party product complaint, safety and CRM systems

#### **Content On-the-Go**

Reduces compliance risks by delivering up-to-date consistent and accurate information to all stakeholders across the globe from a central source of truth.

### **Together at Last: Safety and Medical Affairs**

Seamlessly integrates with LifeSphere MultiVigilance 10, LifeSphere Medical Information and with other third-party safety, product complaint, and CRM systems.

LifeSphere Reporter provides easy collection and exchange of adverse event and product complaint data, eliminating time-consuming reconciliation between systems.

### LifeSphere Reporter Features

- Streamlines Content Search
- Support for Global Submissions
- Provides Role-Based Access
- Offers Multi-Language Support
- Offline Capabilities
- Simple User Interface
- Deep Reporting and Insights
- Support for laptops, Apple IOS, and Android

### **About ArisGlobal**

ArisGlobal is transforming the way today's most successful Life Sciences companies develop breakthroughs and bring new products to market. Our end-to-end drug development technology platform, LifeSphere®, integrates our proprietary Nava® cognitive computing engine to automate all core functions of the drug development lifecycle. Designed with deep expertise and a long-term perspective that spans more than 30 years, LifeSphere® is a unified platform that boosts efficiency, ensures compliance, delivers actionable insights, and lowers total cost of ownership through multi-tenant SaaS architecture.

Headquartered in the United States, ArisGlobal has regional offices in Europe, India, Japan and China. For more updates, follow ArisGlobal on LinkedIn and Twitter.
